

NINETEEN DEAD,  
BODIES BURNED  
IN G.T.R.R. WRECK

Rear-end Collision at Duffield, Mich., Early Today in Which Greatest Damage Was Done to Chicago-Montreal Express Train.

WRECKAGE CAUGHT FIRE, INCREASING HORROR

Most of the Killed Were Passengers on a Pullman Car Which Was Sliced in Halves ---Brakeman May Have Been Responsible.

Durand, Mich., Aug. 25.—Nineteen persons, mostly pullman car passengers, were killed and incinerated four miles east of this place early today, when passenger train No. 4 on the Grand Trunk railroad crashed into the rear end of the Chicago-Montreal express train No. 14, cutting the rear pullman in half and trapping its passengers. The wreckage at once caught fire and at dawn was still burning fiercely, and the bodies not taken out were visible dropping down into the embers.

A number of bodies, about fifteen, were taken out of the wreckage this morning and were put on a train, which proceeded to Flint, where they were taken to a local morgue. At 8 a. m., several more bodies were taken from the wreck, and the sickened rescuers were able to see other bodies being cremated, without their being able to remove them from the flames.

The wreck was caused when the Montreal express from Chicago stopped at Duffield. The engineer, George Mitchell, stepped down from his cab and crawled under his engine to look the engine over, and a brakeman, G. N. Graham, was sent to the rear of the express to post danger signals. The brakeman declares that he showed the signals; but, whether he did or not, the No. 4 train crashed into the rear of the standing express. Engineer Mitchell was still under his engine when the crash came and was seriously hurt. Brakeman Graham was brought to Durand pending an investigation of the accident.

The place of the accident is about two miles east of here. Engineer Mitchell's home is at Battle Creek, and is the home of fireman Nelson, who also was seriously hurt. A relief train started from Battle Creek. Besides the dead, there were many who were injured more or less seriously. The horror of the wreck was greatly increased by the fire, and the flames prevented rescue of many who were imprisoned in the debris.

HAD PREMONITION  
OF THE WRECK

Passenger On Grand Trunk Train Lived to Tell About It To-day On His Arrival In London, Ont.

London, Ont., Aug. 25.—S. B. Blake of Chicago, who was on the wrecked Grand Trunk railroad train while en route to Toronto, arrived here today. He said he had a premonition of a wreck, and he was telling a friend of it when the crash came.

## NEXT PRESIDENT OF PANAMA?

Mendoza May Withdraw Candidacy Because of Opposition.

Washington, D. C., Aug. 25.—The state department is awaiting with interest today the decision of Dr. Mendoza, as to whether or not he will become a candidate for the presidency of Panama this fall. It has been understood that Mendoza will withdraw his candidacy because of the objection of the United States to him.

## CHOLERA SPREADING IN RUSSIA.

Parts of Asiatic Russia Now as Bad as in Southern Section.

St. Petersburg, Aug. 25.—The cholera situation in parts of Asiatic Russia is declared today to be as bad as in southern Russia. The disease is spreading rapidly, with only poor facilities for fighting it.

## LIPTON MAY BE GUEST.

Boston Has Invited Him to Attend the Harvard-Boston Aero Meet.

Boston, Aug. 25.—The city of Boston, through Mayor Fitzgerald, announced today that it had extended an invitation to Sir Thomas Lipton to be the guest at the Harvard-Boston Aero meet next month. A cable was sent him last night.

## INDICT QUALEY AND CORBETT.

Grand Jurors Report Finding in Mrs. Bull's Larceny Case.

New York, Aug. 25.—Indictments charging grand larceny in the first degree were yesterday returned against John A. Qualey and Harvey W. Corbett, officers of the Magnesia Asbestos company, by the grand jury.

Both Qualey and Corbett were recently in court on a charge of swindling Mrs. Marie Nevins Bull, widow of the noted surgeon, out of \$35,000.

Yesterdays indictments are based on a complaint filed by Mrs. Bull. Both men are now out on \$10,000 bail each in connection with the earlier complaint, but will be brought into court by their counsel to plead to the indictments.

## FOREST FIRES UNDER CONTROL.

Light Rains Aided Fire Fighters and Danger of Renewal Small.

Spokane, Wash., Aug. 25.—All the settlers who escaped the forest fires in Idaho and Montana are now safe, and the fires were officially declared under control today, with the danger of a renewal at a minimum.

Missoula, Mont., Aug. 25.—The fire conditions here are greatly improved today by light rains and practically all the fires east of the divide are under control.

HE FEELS HIS DUTY  
TO HUNT A "CROOK"

Says Col. Roosevelt As a Parting Shot Just As He Was About to Board Train For the West.

Buffalo, N. Y., Aug. 25.—With a parting shot at his opponents in the political fight, Col. Roosevelt started today on the long leg of his journey. "I feel just a little more of my duty to hunt a crook out of public life than I have at any time in my party," said Col. Roosevelt at a breakfast in his honor at the Ellicott club.

## CROWD APPLAUDS ROOSEVELT.

He Made Short Speech When Train Stopped—Due In Chicago To-night.

Dunkirk, N. Y., (Aboard the Roosevelt train), Aug. 25.—Five hundred railroad men cheered Colonel Roosevelt here today when his special train stopped at Dunkirk. The colonel went back to the platform, where he was cheered for many minutes, the crowd shouting "Teddy, Teddy." "The only thing I cannot talk about or against," the colonel said, "is a crook." He then made a short speech, extolling railroad men. The train pulled out with the crowd yelling madly.

Chicago, Aug. 25.—Colonel Roosevelt arrives here at 9 o'clock to-night and will be in the city 1 hour and 10 minutes. At his request there will be no reception at the Hamilton club.

## TOLD THE PLACE

Where Child's Body Could Be Found; It Was True.

Kingston, N. Y., Aug. 25.—No trace had been found yesterday of the kidnaper and murderer of Peter Fabian, four-year-old son of Frank Fabian, an Italian. The boy's body was found yesterday morning in an outhouse at the rear of his home, and strangled. He had been dead but a short time, although missing since last Friday.

Detectives are interested in the coincidence that an Italian clairvoyant whom Fabian consulted in New York City on Tuesday, when he first became gravely alarmed, foretold that the boy would be found near his home. There is great indignation among Italians in general, but no violence is feared.

## KILLS WIFE WITH SHOTGUN.

Nyack (N. Y.) Man Separated from Partner of 25 Years Through Drink.

Nyack, N. Y., Aug. 25.—After 25 years of married life, Edward Wegner of Pearl River shot his wife dead at her farm in Nanuet. The couple had not lived together for some months, because the wife complained that her husband drank. Yesterday morning Wegner came home with a gun and shot her.

## STRIKE CONFERENCE FAILED.

New Bedford Meeting Came to Naught, Many Not Present.

New Bedford, Mass., Aug. 25.—A conference, arranged between the contractors and strike leaders by Chief of Police Mason, with the hope that the strike could be settled, came to naught. Several contractors on the big mill jobs were not present.

The strikers were willing to take 30 cents, and possibly 25, for hot carriers, and 22-24 cents an hour for laborers.

## THREE YEARS IN PRISON

Imposed on Fred Muir in Burlington City Court Yesterday.

Burlington, Aug. 25.—Fred Muir, a young man of 21 years and prepossessing appearance, was arraigned yesterday morning in city court, where he pleaded guilty to a charge of burglarizing the store of R. O. Parker in South Burlington last December. He was sentenced to serve not less than three years nor more than three and one-half years in the state prison at Windsor.

BIG BALLOON  
EXPLODED

Just Before Time To Start On An Air Trial

## SEVERAL NARROW ESCAPES

Dr. Thomas Eldridge of Philadelphia Was About to Step into the Basket When the Thing Was Torn to Pieces.

Philadelphia, Pa., Aug. 25.—The balloon Philadelphia II, which holds all the local records for ascensions, exploded today just as it was about to be sent into the air for another trip from Point Breeze. Dr. Thomas Eldridge, president of the Philadelphia Aeronautical society, who was on the point of entering the basket to make the trip, had a narrow escape. The spectators were crowded around the balloon, and they also had narrow escapes from injury.

ONE MAN KILLED  
BY BIG EXPLOSION

Maynard, Mass., Mill Blew Up Last Night With a Tremendous Noise, Shaking Houses 20 Miles Away.

Boston, Aug. 25.—With a detonation so heavy that windows were broken and houses shaken as far as 20 miles away and residents alarmed, three of the powder mills of the American Powder Mills company in Maynard, near the Acton line, blew up last night, killing one man and injuring several others, though not fatally.

The explosion occurred at 10:20 last night, starting as did most of the many in the past 15 years, in the wheel mill. The first crash was followed at slight intervals by two more heavy explosions as the contents of two other mills standing near blew up. The dead man is Charles Rogers, a night watchman who lived in Maynard.

James Ray, single, aged 30, was near mill No. 7, and upon hearing the explosion, he jumped into the stream which runs through the plant. He was cut in the face by flying debris as he swam about the pool.

The three mills contained valuable machinery, which handles the powder in the second stage of its manufacture, and the loss is estimated at \$200,000.

The three explosions were heard distinctly in Waltham, Watertown and Wellesley. In Acton and Maynard and the towns nearby, the residents were for a time greatly alarmed. Windows were broken and dishes thrown from shelves and walls, while the houses shook as if passing through a severe earthquake.

In the houses nearest the powder mill reservation, although it is almost a mile from the nearest dwelling, residents were scared, the residents were for a time greatly alarmed. Windows were broken and dishes thrown from shelves and walls, while the houses shook as if passing through a severe earthquake.

The cause of the accident will probably never be known. So highly explosive are some of the powder manufactured that the presence of any foreign substance or the slightest fire is sufficient to set the whole mass off. The only man, who could possibly have given an explanation of the accident, is dead.

The mills occupy about 20 buildings, lightly constructed and separated from each other. The company owns all the land on both sides of the road for a distance of about a mile. Around the mills within 100 yards of the road, are barricades to a height of 30 feet, strongly built with a view to stopping the flying of timber and missiles in the event of an explosion.

When the accidents of the town, awakened by the explosion, realized its cause, they came hurrying to the road near the property to render what assistance was necessary, but the injured men, whose wounds were slight, had already been treated by their fellows.

Within the enclosure the scene was one of destruction, with the splintered and broken boards buried and scattered about for hundreds of yards, trees a considerable distance away being shored by the burst of flames and their foliage destroyed.

## WILL PERMIT NO DELAY.

Grand Aerie of Eagles to Investigate Alleged Diversion of Funds.

St. Louis, Mo., Aug. 24.—The grand aerie of the fraternal order of Eagles at a secret session yesterday refused to permit a delay of the report of the trial committee which Tuesday night investigated charges that four former officers diverted \$12,000 from the funds of the order.

A resolution was adopted, providing that no business shall be transacted until the charges against the former officers have been either sustained or overruled.

New Haven, Ct., Aug. 25.—Martin J. Gray, a past president of the Eagles, who is named in charges made by the grand aerie, is ill at his home here. He says that his name is brought into the case simply because he was a member of the national board of trustees of the order. He has no information in detail as to the charges and has been out of office two years.

## Seized Two Tons of Bad Eggs.

New York, Aug. 25.—By order of the United States district attorney in Brooklyn, inspectors yesterday noon raided the storage rooms of the Kings County Refrigerating company in Brooklyn, and confiscated 150 cases of frozen egg product. The lot weighed just two tons.

## PRETTY DOUBLE WEDDING.

Two of Contracting Parties Miss Grace Wood and D. H. Cutler of Barre.

Nicholsville, N. Y., Aug. 25.—The old Wood homestead was the scene of a very pretty and simple double wedding yesterday afternoon, when the two daughters of Mr. and Mrs. E. A. Wood were united in marriage. Miss Alice Viola to Judson Abel Mosier of Nicholsville and Miss Grace Towne to Dwight Holister Cutler of Barre, Vt. Rev. W. H. Aubrey of Chateaugay, N. Y., officiating, the double ring service being used.

The immediate relatives were present at 2 o'clock, when the familiar notes of Mendelssohn's wedding march were played by Carl S. Olmstead. Grace Emily Wood, niece of the brides, in yellow silk, was ring bearer, and was followed by the two brides, who were gowned in white silk and carried shower bouquets of sweet peas. They were met by the two grooms and Rev. Mr. Aubrey, who united Miss Alice and Mr. Mosier as man and wife. Miss Genevieve Fisk sang very sweetly "O Promise Me," and another ceremony was performed, uniting Miss Grace and Mr. Cutler.

The parties were prettily decorated with white and yellow flowers, and the bride and groom were standing under an arch of ferns and white sweet peas. The dining room was decorated with pink sweet peas and here, after congratulations, dainty refreshments were served by Miss Christy E. Hawley, Miss Clara Mosier and Floyd Smith. Mr. and Mrs. Mosier and Mr. and Mrs. Cutler departed amid a shower of rice, confetti and good wishes on the evening train.

The brides are lifelong residents of Nicholsville and need no words to express the esteem in which they are held. Miss Grace is very well known in Barre, having taught music there for the past two years. Mr. Mosier is a resident of Nicholsville and well and favorably known, while Mr. Cutler is a well known business man in Barre, having been at the head of the Eastern Estate Tea company's store during the past year.

## WRECK VICTIM BURIED.

Frederick Berryman's Funeral Held At St. Albans.

St. Albans, Aug. 25.—The funeral of Frederick Berryman, who was killed in the railroad wreck at Northfield Sunday afternoon at 2:30 o'clock, was held at St. Luke's church yesterday afternoon at 2:30 o'clock, and was presided over by a prayer service at the hands of Rev. S. C. Halstead. The Rev. S. C. Halstead officiated and the benediction was given by two representatives from the local order of Brotherhood of Locomotive Engineers and two friends from Montreal. The choir of the church sang the hymns "Abide With Me" and "Peace, Perfect Peace," in addition to "Benedictus" and "Gloria." Large delegations from the two fraternal orders to which Mr. Berryman belonged were present, and acted as an escort to the South Main street cemetery, where burial took place.

## SAFE CRACKERS AT WORK.

West Barnet Store Broken Into and Fire Was Quenched.

St. Johnsbury, Aug. 24.—The store of Ritchie & Warden in West Barnet was broken into some time early yesterday morning and the safe destroyed by dynamite or nitroglycerine. It was evidently the work of professionals. It was not discovered until the store was opened at seven o'clock yesterday morning. They wrapped a large quantity of blankets and overcoats around the safe to muffle the sound and they were set on fire by the explosion. These garments were slowly burning when the store was opened. The destruction of these goods, the contents of the safe and the safe itself, the only damage, as the money was not kept there. There is no clue to the robbers. This is the third time this store has been robbed.

## MISSING MAN HAD MONEY.

Lorenzo Cardinal of Burlington Had Drawn Week's Wages.

Burlington, Aug. 25.—The police have just been notified of the disappearance of Lorenzo Cardinal of 14 Howard street. He had been employed by J. E. Cashman, Saturday night, and had returned out from home with his week's pay to do some errands and has not been seen by his family since. He has a wife and three children. Cardinal is a large man of light complexion. Four fingers of his right hand have been cut off at the first joint.

George Kane of Burlington, nine years old, attempted to get on the running board of the milk train of I. H. Buck, Monday, while the team was moving, and was quite seriously injured. Ned Barker was driving and he tried to assist the boy by catching hold of his hand, but in some way the youngster fell under the cart between the two side wheels. One of the wheels passed over him, breaking a leg and making a rectangular gash on his head, besides otherwise cutting his face. He was taken home, his leg set and nine stitches taken to close the wound in his head.

The watch was sent from California in 1849 by Galusha Gray to his brother in Sheffield as a Christmas present. The San Francisco Star said of the gift at that time: "Mr. Gray's present to his brother back in the Green Mountains will be the wonder of the day in that community. The watch and chain are of solid gold and together they weigh two pounds. The gold in the watch is valued at \$175, and originally the watch cost \$600."

A number of counterfeit 25-cent pieces have been passed in Burlington in the past few days. The pieces are apparently perfect in appearance and weight, but when rung on a counter give the telltale dead sound.

Rutland City has at present 18 cases of typhoid fever and several suspects. On this account, the local health officials have ordered that all water used for drinking purposes must be boiled.

There will be a meeting of the Democratic city committee and the supporters of Donald Smith to-night in the office of E. L. Smith & Co. in the C. W. Averill block.

FIRE RAGED  
UNCHECKED

Big Mill Near Orono, Me., Was Destroyed

## WITH LOSS SET AT \$100,000

James Walker & Co. Were the Owners of the Property—They Were Fairly Well Insured—There Was No Means of Stopping Flames.

Orono, Me., Aug. 25.—After having been in operation 60 years or more, the saw and box factory of James Walker & Co., at Basin Mills, a part of this town, were totally destroyed by fire yesterday. The loss is estimated at \$100,000 and it is fairly well covered by insurance.

The mill, which probably was the oldest of its kind and one of the largest in the state, was deserted except by the watchman. When the fire broke out about 3:30 o'clock, most of the 250 employees and their families were in danger at the annual eastern Maine fair. It had been closed for the day that they might go.

Just how the blaze started never will be known as the entire plant was burned to the ground. The watchman cannot explain it. He says he passed through the mill less than three minutes before the flames were discovered and everything appeared as usual.

There were practically no means of fighting the fire, although the Bangor fire department sent an engine and company as a protection to surrounding property and the flames simply consumed the buildings, which were of wooden structure.

## PICTURE SHOW LICENSES

Were Discussed by Montpelier City Council Last Night.

At the meeting of the Montpelier city council last evening, Company H asked for a permit to open a moving picture and vaudeville show in the armory, which led to a discussion of the picture house licenses. It was stated that Barre licenses call for \$2 a day, while those in Montpelier call for \$1 and this is never paid. Some change will soon be made, so that licensees may be reassured, whereas the licensees now pay three cents on an equal basis. S. W. Cowie resigned as city park commissioner, as he is to leave the city about September 1. The members of the council agreed that the electric road should reduce the rate for school children, making it the same as that charged for laborers, 25 cents, whereas the children now pay three cents. The old large will be pressed into service unless the road reduces the rate. Numerous bills were ordered paid and licenses granted, after which the council adjourned.

## BROKEN RIBS RESULT.

Horse Becomes Unmanageable Near Jamaica, Throwing Men Out.

Brattleboro, Aug. 25.—Clarence Reed and Charles Allen, traveling salesmen, while being driven from Rawsonville to Jamaica Tuesday evening, were thrown out when the horse became unmanageable on a section of newly made road. The driver sustained several broken ribs, and Mr. Reed received cuts about the head. Mr. Allen was uninjured. The automobile happened yesterday afternoon. Two miles from Jamaica, and the injured men were taken out.

## DEATH IN RUTLAND.

Selden Edgerton, Who Recently Removed from Ludlow.

Rutland, Aug. 25.—Selden Edgerton, who came to this city recently from Ludlow to enter the employ of the Howe Scale company, died early yesterday morning at the Rutland City hospital, following an operation for appendicitis, which he underwent Tuesday. The body was taken to Ludlow yesterday afternoon. He was an Old Fellow.

Arthur G. Cole, whose home was in Lewis, N. Y., but who was a flagman on the fast freight train from White River Junction to St. Albans, met with a fatal accident at the former place Wednesday, August 17, at the platform of the Central Vermont transfer freight station. Mr. Cole was at work between the engine tender and a single freight car that was being set on the track next to the platform. In some way he slipped and was caught between the car and platform, in a space about six inches wide. Here he was turned round and round until the engine stopped, and to release him it was necessary to pry up one of the platform planks. He was taken to the Mary Hitchcock hospital, where he died that night. He was 24 years of age and had been in the employ of the Central Vermont only five weeks.

J. D. Bates, a former Burlington newspaper man, editor of the San Juan Times, is soon to begin the publication of a weekly magazine in Porto Rico. A special edition will be printed for circulation in the United States. The magazine will contain from 48 to 64 pages, with a six-color cover.

MONTPELIER CHOSEN  
FOR NEXT CONVENTION

Ancient Order of Hibernians Elected Dr. P. H. Mahony of Poulney as President Again.

Burlington, Aug. 25.—The Hibernian convention closed last evening with a reception and ball, given in the rooms on Main street. In the morning, the last business session was held and Montpelier was chosen as the place for the biennial convention in 1912. Officers were also elected for the ensuing two years and other business transacted. The afternoon was given up to a boat ride, the Chateaugay taking the party for a five hours' cruise about the lake, and giving many their first glimpse of the waters of the northern end.

Dr. P. H. Mahony of Poulney was re-elected state president of the order and T. B. Wright was elected again to the office of state secretary. The other officers elected were: Vice president, Daniel McGovern of Montpelier, and treasurer, John Maloney of Rutland. The state chaplaincy, now held by Rev. W. J. O'Sullivan of Montpelier, is an appointive office and the bishop will probably make known his choice within a short time.

In addition to the election of officers, the meeting decided to encourage the formation of drill teams and military companies in the different divisions. As a step in this direction, two prizes, one of \$30 and another of \$25, were voted, to be awarded to the two best drilled teams at the next convention. A vote of thanks was also tendered the Burlington division for the hospitality shown the visitors during their stay in the city.

Nearly all of the Hibernians remained in the city last evening for the reception and ball, given to the state officers and delegates, and the affair proved to be a pleasant one. The association's rooms were decorated with Irish and American flags, and Lesser's orchestra furnished the music for dancing. Attractive dance partners were given out, the cover design being the coat of arms of the order.

The floor manager was J. P. Dwyer and the reception committee consisted of John B. Kelley and Patrick Walsh. The committee in charge of the affair was M. B. Gill, J. P. Dwyer, P. H. Coffey and the Misses Agnes R. Coffey, Frances Cauley and Margaret A. O'Brien.

AL DILLARD WINNER  
IN STRAIGHT HEATS

Page Bros' Fast One Went in 2:15 at Morrisville Fair Yesterday—Big Crowd in Attendance.

Morrisville, Aug. 25.—Nine thousand three hundred people attended Lamolite Valley fair yesterday. The principal events were the judging in the various classes of competition and three races. Al Dillard, Page Bros., Barre, got first money in the 2:20 pace; in the 2:30 pace Kingsley Girl, Roaring Brook stable, was the winner, and in the 2:24 pace and trot Josie S., owned by B. E. Sheldon, carried off the big end of the purse. All races were won in straight heats. In the final heat of the 2:30 pace, the driver of Island Lass was thrown at the quarter post, but not badly hurt. The horse continued the race without a driver and was captured on the next lap, and both horse and driver appeared at the finish, distanced but unharmed. The summaries—

2:20 Pace.  
Purse \$300.  
Al Dillard, brg, Page Bros., Barre, 1 1 1

E. D. Harpin of Windsor, whose services had been obtained as starter, was unable to perform that duty, as he was kicked in the hand by a horse yesterday morning and sustained a fractured bone. His place was taken by Frank Muzzy of Pittsfield, N. H.

The grand evaluate of stock occurred at two o'clock in the afternoon between beats. The procession was over a quarter of a mile in length. A feature of the program will be a balloon ascent by Prof. Seagle in the New Jersey.

## REMARKABLE PERFORMANCE.

The Harvester Went in 2:03 and Against the Wind.

New York, Aug. 25.—Followers of light harness racing enjoyed yesterday the grand circuit sport at the Empire City track. Good time was made in every event, each of which was won in straight heats.

The Harvester, holder of the world's trotting stallion record of 2:02, made last week at Buffalo, driven by E. F. Geers, won the first heat of the free for all in 2:08 1/2, and later when called upon to break his own record, he took the heat and race in 2:03, despite a retarding wind. Under the conditions, it was a remarkable performance.

The Hungarian station Wily had no difficulty in winning the second division of the 2:10 class trot, and Halworth followed up his last week's victory at Buffalo by capturing the Fleetwood stakes of \$2,500.

Why not try a plate of our ice cream this evening? We guarantee to please. New England Fruit company.

VERMONT IS  
NOW AFFECTED

Several Cases of Infantile Paralysis Reported.

## ONE CASE IN MONTPELIER

Kenneth Anderson, Aged 5, Son of Mr. and Mrs. John Anderson, Has the Disease—Arms and Head Paralyzed.

Brattleboro, Aug. 25.—Dr. Henry D. Holton, secretary of the state board of health, has received a report of another case of infantile paralysis, the sixth to be reported in Vermont this year. It is the 11-year-old daughter of Dr. Nash, the Townsend veterinary. Dr. P. V. White of Williamsville was called last week and Dr. Thomas Rice of Brattleboro was called in consultation Sunday. The paralysis became noticeable Saturday and Tuesday she was totally paralyzed with the exception of the eyelids. Yesterday morning the patient became unconscious and the physicians gave but little hope of her recovery.

Another case of suspected infantile paralysis is reported in Brookline. It is understood that the case was at first diagnosed as scarlet fever and quarantined as such. Later paralysis was discovered. \*No official report has been made to the state board of health on the Brookline case.

## PLACED UNDER QUARANTINE.

Montpelier's First Case of Infantile Paralysis Appears.

Kenneth Anderson, aged five years, son of Mrs. Jean Anderson, is the first in Montpelier to be afflicted with the so-called "infantile paralysis." He was taken ill last week Wednesday with a headache, but it was not thought that anything serious would develop from it and no physician was called until Friday, when the real disease was learned. The child is now confined to the bed and cannot raise his right arm or his head, while the left arm can only be moved to the elbow. Although the case seems to be a mild one, the house is in quarantine. The disease seems to paralyze the muscles, but does not affect the sensation.

## LONG RESIDENT OF WATERBURY.

Leonard Hart Died Last Night—He Was a Native of Berlin.

Waterbury, Aug. 25.—Leonard Hart, a long-time resident of this place and a veteran of the Civil war, died last night at his home on Main street. He sustained a shock about a year ago, and heart failure was the cause of his death. The funeral will be held from his late home Saturday afternoon at 2 o'clock, with Rev. J. F. Forest, acting pastor of the Methodist church, officiating.

Mr. Hart was born in Berlin on November 22, 1826, and was married about sixty years ago to Mary Thayer of Sharon. She died only a few weeks ago. He enlisted in Co. C, 15th Vermont regiment, on September 22, 1862, and served in the cause of the union. For over half a century he had been a resident of this village and for 27 years had lived on the place where he died. He leaves two daughters, Alma, wife of George Jocelyn, and Ella, wife of Harry Atkins; also two grandchildren, Bertha Jocelyn and William Atkins, a teacher in the schools here.

## CANDIDATE FOR GOVERNOR.

Barre Is Entertaining One in Person of Chester E. Ordway.

C. E. Ordway of Proctorville, Social-ist candidate for governor of Vermont, is in the city, and this evening he will deliver an address at Depot square. The subject of his remarks will be, "Our Road and Our Beliefs," or "How to Retain a More Just Share of the Wealth We Produce."

## TALK OF THE TOWN.

Read the Paris Shirtwaist House adv. on page 5.

E. A. Brown was a business visitor in Waterbury today.
